Community Radio for Northern Colorado (CRMC) is a member of the Mountain States Employers Council and senior management team members receive on-going training through this organization to assure equal employment opportunity procedures and opportunities are adhered to in the hiring process.

All positions posted by CRNC are posted on the KUNC website which receives thousands of visits on a monthly basis. Additionally every position posted is also publicized in a variety of print and web-based publications.

CRNC also welcomes the opportunity to work with students providing internships to area college programs and the National Association for the Advancement of Science.

Professional staff members of CRNC routinely present information about careers in public broadcasting to journalism and communications classes at the University of Northern Colorado and Aims Community College.
